This course is recognized for CA[®] certification (doctor's practice).
Participation is subject to prior confirmed registration.

CA[®] CLEAR ALIGNER

The correction of malocclusion using aesthetic CA[®] CLEAR ALIGNER splints has evolved into an important therapeutic area in orthodontics, in particular in adult treatment. Using the CA[®] splint concept, a comprehensive and convincing therapeutic concept could be realized that has proven successful in numerous clinical cases.

These are some of the advantages offered solely by the CA[®] technology:

- high quality, biocompatible thermoplastic splints
- excellent wearing comfort, ideally suited for adult treatment
- high value creation in your practice
- free choice of set-up fabrication: it's up to you to choose between the analogue and digital production
- complete treatment control
- a variety of application possibilities

Content:

- Function of CA[®] CLEAR ALIGNER – updating the protocol
- CA DIGITAL: The possibilities of the digital world
- OnyxCeph3™ CA[®] SMART 3D: Importing and processing digital models, set-up planning and final export of the STL-data to the Asiga MAX™ composer software
- Types of CA[®] CLEAR ALIGNER appliances
- CA[®] CLEAR ALIGNER: Aesthetic 3-3
- Space closure treatment – how to increase the anchorage
- Crowding treatment: expansion and stripping – how to reduce the number of steps
- Clinical activation of CA[®] CLEAR ALIGNER – how to prepare the aligners
- New tools: VECTOR[®] Screws and stripping kit
- CA[®] CLEAR ALIGNER: Essential 5-5 and Professional 7-7
- Treatment with expansion, distalization and extraction
- Class II treatments
- Class III treatments
- CA[®] CLEAR ALIGNER in the mixed dentition
- Combined treatment using CA[®] CLEAR ALIGNER and fixed appliances:
 - establishing the posterior occlusion before using the CA[®] CLEAR ALIGNER for the correction of the anterior teeth
 - Treatment with CA[®] CLEAR ALIGNER in one arch and fixed appliances in the opposite arch
 - Treatment with CA[®] CLEAR ALIGNER at the beginning and finishing with fixed appliance (How/when)
 - CA[®] CLEAR ALIGNER in the retention phase and in the treatment of the relapse

Date

Saturday, 15 September 2018

Time

9:00 am - 5:00 pm

Venue

Adina Apartment Hotel Hamburg Speicherstadt

Language

English with simultaneous translation into German

Course fee (incl. VAT)

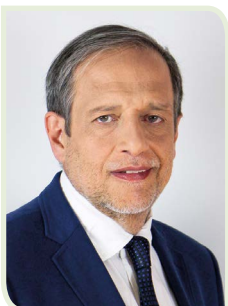

415,- EUR

The course fee includes lecture notes, convention beverages, catering during the day.
